**July 1988-September 2001**

Criminal Investigation Bureau

Taipei, Taiwan

Police have a centralized organization in Taiwan, and the Criminal Investigation Bureau basically constitutes the national detective division. Accomplishments:

- Successfully adapted forensic photography into digital imaging domain
- Developed digital techniques for enhancement and restoration of fingerprints, as well as video images from surveillance and ATM cameras
- Expanded the use of digital techniques in the Criminal Investigation Bureau. Assigned and supervised work crews to hundreds of nationwide criminal cases in forensic identification in photos or video images. Roughly ten percent of the cases handled by me involved computer crime. In general, my cases involved crime scene investigations, detailed identification reports, and resulting in criminal prosecutions and convictions. My subordinates and I solved hundreds of cases involving kidnapping, robbery, homicide, and hit-and-run through the enhancement of surveillance video tapes
- Provided forensic digital imaging services to national police forces, courts and ministries
- Trained many police officers nationwide to update their knowledge of forensic photography and digital imaging, including such topics as the installation of surveillance cameras to meet requirements in law enforcement

## SKILLS

- Substantial skill in computer forensics: search, preservation, identification, extraction, analysis & presentation of digital evidence
- Excellent knowledge in forensic video (analog & digital) analysis

- Substantial skill in cognitive analysis and comparison by Multidimensional Scaling, and Perceptual Mapping Algorithms: the use of enhanced metric multidimensional scaling for the examination of the perceptions of groups of people
- Excellent knowledge of quantitative research and multivariate statistical analysis: Linear Regression Analysis, Factor Analysis, Cluster Analysis, Computer Based Content Analysis (CATPAC), ANOVA, T-Test
- Excellent skill in crime scene investigation, case management, physical evidence, computer forensics, forensic photography and digital imaging
- Strong skill in the use of multimedia for instructional presentation

## OTHER PRESENTATIONS AND PARTICIPATION

- Invited Grand Awards Judge for Intel International Science and Engineering Fair (**IntelISEF**) (for category of Computer Science/Computational Science, Computer Graphics) (<http://www.societyforscience.org/intelisef2012>) - Pittsburgh, PA (May, 2012)
- Invited Presenter of McMurray Elementary School, Peters Township, PA: Span the Globe (May, 2012)
- Invited Presenter for New Comer to Pittsburgh hosted by Tzu Chi Non-Profit Foundation- Pittsburgh Chapter (Sept.,2011)
- Invited Presenter of McMurray Elementary School, Peters Township, PA: Span the Globe (<http://peters.patch.com/articles/viewfinder-mcmurray-elementary-students-span-the-globe#photo-6067292>) (May, 2011)
- Forensic Digital Imaging Workshop for International Trainee (August, 2010)
- Pittsburgh Six School Districts (Bethel Park, Canon-McMillan, Chartiers Valley, Mt. Lebanon, Peters Twp, South Fayette, and South Park)of high school Engineering /Science /Aviation/Trade Career Fair (November, 2009)
- CAL U Academic Excellent Days: *“Do You Have What it Takes To Be A Part Of A CSI Team”* Presentation (April, 2009)
- CAL U Science Olympiad: Forensic Event (March, 2009)
- Pittsburgh Six School Districts (Bethel Park, Canon-McMillan, Chartiers Valley, Mt. Lebanon, Peters Twp, South Fayette, and South Park)of high school Engineering /Science /Aviation/Trade Career Fair (November, 2008)
- Keynote Speaker on the topic of *“Computer Forensics & Forensic Video Identification”* in Taiwan Criminal Investigation Bureau (CIB)([www.cib.gov.tw](http://www.cib.gov.tw)), (Taiwan CIB is a counterpart of the FBI in the US) and Kaohsiung Metropolitan Police Department (<http://www.kmph.gov.tw/english/Default.aspx>) (June, 2008)
- Second Annual Conference on Corporate and Homeland Security, California, PA (Sept., 2008)
- CAL Academic Excellent Days: *“CAL U CSI”* Presentation (April, 2008)
- CAL Science Olympiad: Forensic Event (March, 2008)
